

Laumeier Sculpture Park

Honeysuckle Sweep

- Saturday, March 11th -

Grab your loppers, hand saws, friends and neighbors, and join us for a morning of Bush Honeysuckle removal at the iconic Laumeier Sculpture Park!

WHAT & WHERE?

Join St. Louis County Parks and Missouri Botanical Garden for a morning of invasive Bush Honeysuckle removal. Work alongside expert staff to restore habitat, and beautify Laumeier Sculpture Park!

WHY?

Invasive Bush Honeysuckle (*Lonicera maackii*) is putting major pressure on habitats across the St. Louis region. A foreign invader, bush honeysuckle has no natural competitors, and over the years it has vigorously taken over woodlands, fields, and stream banks throughout the St. Louis region. Now it's time to strike back! To learn more visit www.mobot.org/invasives

WHEN?

Saturday, March 11th 2017 | 9 a.m. – Noon

*Event will be cancelled in the case of inclement weather.

WHO?

You! (your family, friends and neighbors).

*No experience necessary. Tools, safety equipment, and refreshments provided.

Register Here: [Online Registration Form](#)

*Please register no later than March 9th, 2017.
