We are not alone

- We are part of the regional work table SAN (Seguridad Alimentaria y Nutricional) where 32 institutions participate.
- We collaborate with local nets of knowledge:
   Pacha Mama, Casa Morada, Agroarte.
- We are member of CINAF (Comité de Impulso Nacional a la Agricultura Familiar).
- We mobilize a Virtual Net (Facebook) of Urban Agriculture:
   1.950 people today.

- Strengthening of 14 production systems and creation of 10 new systems in 11 municipalities of the region. "Cruz Roja Colombiana".
- Establishment of agroecological stations in 11 communities in the area of influence of the new highway executed by "Hatovial".
- 6 green markets associated to Food Security.
- II Regional Encounter of Family Agriculture (Mesa SAN).
- Reach new groups with proposals to public and private entities.

"Thank you very much for this award, but it is of greater significance all the knowledge and experiences that you gave us. When we enjoy what we do, we find the true meaning of education, I hope to continue sowing this seed to students.

Thank you very very much to all who participated in the project."
