

CURRICULUM VITAE

Armand Randrianasolo

General and Educational:

Born and raised in Vatomandry - Madagascar
Married, 3 children
Fluent in Malagasy, French and English
B.S. Biochemistry, 1988, University of Antananarivo, Madagascar.
M.S. Biology, 1993, University of Missouri -St Louis, Missouri, U.S.A.
Ph.D. Biology, 1998, University of Missouri-St Louis, Missouri, U.S.A.

Employment and Professional History:

- 2012-Present Adjunct Professor at Washington University in St. Louis.
2012-Present Curator, William L. Brown Center, Missouri Botanical Garden
2006-2012 Associate Curator, William L. Brown Center, Missouri Botanical Garden.
2002-2006 Assistant Curator, William L. Brown Center, Missouri Botanical Garden.
1998-2001 Postdoctoral Researcher, Applied Research Department, Missouri Botanical Garden.
1995 Teaching Assistant, University of Missouri - St Louis, Missouri.
1991-1998 Graduate Student, University of Missouri –St Louis, Missouri.
1990-91 Research Botanist, Botanic and Zoologic Park of Tsimbazaza, Antananarivo - Madagascar.
1980-1981 National Service, teacher at Public Middle School, Ilaka-Est, Vatomandry – Madagascar.

Field Experience:

- 1989 Research Field Assistant to Dr. James Miller, Curator at the Missouri Botanical Garden for the Floristic Inventory of the Marojejy National Park, Sambava – Madagascar.
1990 Research Field Assistant to Dr. Robert Magill, Director of Research, Missouri Botanical Garden.
 Field Botanist at the Botanical and Zoological Parc of Tsimbazaza (PBZT) as part of team composed by the Missouri Botanical Garden and PBZT for mining impact assessment study in Southeast Madagascar.
1991 Research Field Assistant to Dr. James Miller for a botanical expedition in the southern part of Madagascar.
 Field botanist from PBZT participating in the bioprospecting MBG Project.
1992-1993 Fieldwork in Madagascar as part of Master's Thesis Project.
1994 Preliminary Fieldwork in Madagascar for Ph.D. Research Proposal Project.
1997 Fieldwork in Madagascar as part of Ph.D. Dissertation Research Project.
1999 Field work in Madagascar and Tanzania (Africa) as part of Madagascar Red Data Book Project.
2001 Fieldwork in eastern and southern Madagascar as part of research on Anacardiaceae.
2002 - 2004 Fieldwork in Madagascar's littoral forests to establish/coordinate a community-based conservation project in Mahabo, eastern littoral forest of Madagascar.

2004	Fieldwork in Gabon (Lopé and Iguela reserves) and Madagascar. Floristic inventory of Ambalabe Forest, Eastern rainforest of Madagascar
2005 - Present	Fieldwork to continue floristic inventory and to coordinate community-based conservation at Ambalabe forest.
2007 – 2009	Multiple trips for fieldwork in Madagascar for Ankeniheny botanical inventory project, supported by the National Geography Society.
2009 – 2011	Multiple trips for fieldwork in Madagascar for botanical and ethnobotanical inventories at Analavelona (Southwest Madagascar and Ambalabe forest (East Madagascar).
2012 -2013	Multiple trip for fieldwork in Madagascar for botanical inventories as well as for plant conservation activities.
2014 - 2017	Fieldwork for plant collecting in Southern Madagascar as part of an inventory NGS project.
2019	Field work at Vohibe Forest Eastern as part of ongoing Lemur Study and Conservation with Anthropology Department of Washington University _St Louis.

Grants obtained

- 1996: Fellowship from the African Internship Awards Program, Rockefeller Foundation (\$18,000), given to support fieldwork in Madagascar for Ph.D. Research Project.
- The Garden Club of Allegheny County, Pittsburgh, PA, (\$500) to support fieldwork in Madagascar.
- 1998: National Geographic Society grant (\$15,000) to conduct fieldwork in Tanzania and Madagascar for Anacardiaceae study.
- 2002: Beneficia Foundation (\$28,000): Community-based conservation in Eastern littoral forests of Madagascar.
- 2003: Beneficia Foundation (\$40,000): Community-based conservation in Eastern littoral forests of Madagascar.
- 2003: Donation (\$5,000): Anacardiaceae Research.
- 2004: Beneficia Foundation (\$35,000): Community-based conservation in Eastern littoral forests of Madagascar.
- 2004: National Geographic Society (\$18,000): Botanical Inventory of Ambalabe-Ifasina forests.
- 2005: Beneficia Foundation (\$50,000): A community-based approach to natural resources management in Tropical Africa (with Gretchen Walters).
- 2005: Liz Claiborne & Ortenberg Foundation (\$56,450): Madagascar: from informing conservation to achieving conservation (with Dr. Chris Birkinshaw).
- 2006: Liz Claiborne and Ortenberg Foundation (\$42,000): Madagascar: from informing conservation to achieving conservation (with Dr. Chris Birkinshaw).
- 2006: Donation (\$1500): Anacardiaceae research.
- 2006: Beneficia Foundation (\$50,000): Community and Taxon-based approaches to conservation of natural resources in Madagascar and Gabon (with Gretchen Walters). Phase I

- 2007: National Geographic Society (\$22,000): Botanical Exploration of Ankeniheny Corridor Forest.
- 2007: Beneficia Foundation (\$70,000): Community and Taxon-based approaches to conservation of natural resources in Madagascar and Gabon (with Gretchen Walters). Phase II
- 2008: Beneficia Foundation (\$28,000): Community and Taxon-based approaches to conservation of natural resources in Madagascar and Gabon (with Gretchen Walters). Phase III
- 2009: Beneficia Foundation (\$35,000): Community and Taxon-based approaches to conservation of natural resources in Madagascar: the Ambalabe Conservation project.
- 2010: National Geography Society (\$23,000): Botanical exploration and ethnobotanical survey of Analavelona, a sacred sub-humid forest in southwest Madagascar.
- 2011: Beneficia Foundation (\$28,000): Conserving Analavelona Forest: a sacred and biodiverse sub-humid forest ecosystem in Southwestern Madagascar.
- 2013: National Geography Society (\$22,550): Botanical Exploration of Betsimilaho-Anadabolava, a complex forest ecosystem in Southeast Central Madagascar.
- 2014: Cleveland Metroparks Zoo : Habitat restoration for eleven species of lemur in Vohibe forest, Ambalabe Community, Vatomandry Madagascar.
- 2017: National Geography Society (\$24,440): Continuing Botanical Explorations of the Hidden Treasures of the Vohimena Range Forests in SE Madagascar.

Societal Membership:

- 2004 – Member of ASTM (Association des Systematiciens et Taxonomistes de Madagascar).
- 2002 -04 Executive Secretary of Plant Specialist Group of Madagascar.
- 1994 – Member of the AETFAT (Association pour l'Etude Taxonomique de la Flore d'Afrique Tropicale).

Ongoing Research Project

Malagasy Anacardiaceae Treatment for the Flore de Madagascar et des Comores.

List Supervised or co-advised students:

University: University of Antananarivo – Madagascar.

Study Areas: Ethnobotany – Taxonomy – Conservation

Level: Master’s 6 and Doctoral students 2

RABEARIVONY Dimbilala Aina Nomenjanahary	MEDICINAL PLANTS USED BY MEN AT AMBALABE-VATOMANDRY, THEIR HEALTH REGENERATION AND ECOLOGICAL STATUS
RAVELOSON TOLONJANAHARY Felantsoa	ETHNOBOTANICAL STUDIES AND ECOLOGICAL STATUS ASSESSMENT OF SOME MEDICINAL SPECIES USED BY FEMALE HEALERS AND WOMEN AT AMBALABE-VATOMANDRY
RATSARALAZA	THE MOST USED MEDICINAL PLANTS OF THE NEW

Herisitraka Lanto Nahiana	PROTECTED AREA OF AGNALAZAHA (MAHABO-MANANIVO/FARAFANGANA). Ethnobotanical and ecological studies for conservation strategy
RAZAFINDRAIBE Nambinintsoa Mendrika	MEDICINAL PLANTS USED BY WOMEN IN AGNALAZAHA LITTORAL FOREST AND ITS SURROUNDINGS: ETHNOBOTANY - ECOLOGY FOR CONSERVATION
Tolojanahary Nirina Maria RANDRIAMIHARISOA	ETHNOBOTANICAL STUDY AND ECOLOGICAL STATUS ASSESSMENT OF SOME MEDICINAL PLANTS OF ANALAMANGA REGION
Nivo Hariniaina RAKOTOARIVELO	INVENTORY OF USEFUL AND MULTIPLE USES PLANTS, STUDY OF FOCUS WOODY SPECIES AT VOHIBE FOREST (AMBALABE-VATOMANDRY) AND THEIR EXTINCTION RISK ASSESSMENT
Tabita Noromalaharivelو RANDRIANARIVONY	ETHNIC VALUE OF VEGETAL RESSOURCES IN THE SURROUNDING AND IN THE SACRED FOREST OF ANALAELONA, A NEW PROTECTED AREA IN THE SOUTH WEST OF MADAGASCAR
