

J. Sebastián Tello, Ph.D.

Curriculum Vitae as of August 2011

Postdoctoral Fellow

Center for Conservation and Sustainable Development
Missouri Botanical Garden

Research Associate

Museo de Zoología

Pontificia Universidad Católica del Ecuador

CONTACT INFORMATION:

- Center for Conservation and Sustainable Development, Missouri Botanical Garden, P.O. Box 229, St. Louis, Missouri 63166, USA
- Phone: (314) 577-5100 ext. 846
- E-mail: sebastian.tello@mobot.org
- Website: <http://sites.google.com/site/jsebastiantello>

EDUCATION:

- *Ph.D.* Department of Biological Sciences. Louisiana State University. USA. Advisor: Dr. Richard D. Stevens.
- *Licenciatura.* 2005. Escuela de Ciencias Biológicas. Pontificia Universidad Católica del Ecuador. Ecuador. Advisor: Lic. Santiago Burneo.
- Tropical ecology and conservation field course. 2005. Organization for Tropical Studies. Costa Rica.

RESEARCH INTERESTS:

- Biodiversity, community ecology, macroecology, metacommunities, metapopulations, spatial ecology, null models, computer simulation models

PUBLICATIONS:

- **Tello, J. S.** and Stevens, R. D. *Accepted.* Can stochastic models of geographical evolution recreate macroecological richness-environment correlations? *Global Ecology and Biogeography.*
- Stevens, R.D., Gavilanez, M.M, **Tello, J. S.** and Ray, D. A. *Accepted.* Phylogenetic structure illuminates mechanistic effect of environmental heterogeneity on community organization. *Journal of Animal Ecology.*
- **Tello, J. S.** and Stevens, R. D. *Accepted.* Murciélagos, características ambientales y efectos de mitad de dominio (Bats, environmental characteristics and mid-domain effects). In Tirira, D., Burneo, S. and Boada, C. (eds.). *Investigación y conservación de los murciélagos del Ecuador.*
- Stevens, R. D. and **Tello, J. S.** 2011. Diversity begets diversity: relative roles of structural and resource heterogeneity in determining patterns of community structure. *Journal of Mammalogy.* 92: 387-395.
- **Tello, J. S.** and Stevens, R. D. 2010. Multiple environmental determinants of regional species richness and effects of geographic range size. *Ecography* 33: 796-808.
- Carrera, J. P., Solari, S., Larsen, P. A., Alvarado, D. F., Brown, A. D., Carrión-B., C, **Tello, J. S.** and Baker, R. J. 2010. Bats of the tropical lowlands of western Ecuador. Special Publications. Museum of Texas Tech University. Number 57.

- Stevens, R. D. and **Tello, J. S.** 2009. Micro- and macro-habitat associations of rodents in a Mojave Desert metacommunity. *Journal of Mammalogy* 90: 388-403.
- **Tello, J. S.**, Stevens, R. D. and Dick, C. W. 2008. Patterns of species co-occurrence and density compensation: a test for interspecific competition in bat ectoparasite infracommunities. *Oikos*. 117: 693-702.

In preparation:

- **Tello, J. S.** and Stevens, R. D. Using evolutionary null models to study richness-environment correlations in Bats and Primates. *To be submitted to The American Naturalist*.
- Stevens, R. D., **Tello, J. S.** and Gavilanez, M. M. Can mid-domain effect models explain secondary diversity gradients? *To be submitted to American Naturalist*.

Other:

- **Tello, J. S.** Relaciones ecológicas entre murciélagos del género Carollia (Chiroptera: Phyllostomidae) y sus dípteros ectoparásitos (Diptera: Streblidae). *Licenciatura Thesis*. Pontificia Universidad Católica del Ecuador. 2005.
- Fonseca, R. M., Carrera-E, J. P., Enríquez, T., Lasso, D. O., Pinto, C. M., **Tello, J. S.**, Novoa, J. and Viteri, X. 2003. Identificación preliminar de un corredor ecológico para mamíferos entre los Parques Nacionales Llanganates y Sangay. *Revista de la Pontificia Universidad Católica del Ecuador*, Nro. 71.

PAPERS AT CONFERENCES AND MEETINGS:

- **Tello, J. S.** and Stevens, R. D. Applying stochastic models of geographic evolution to explain species richness gradients and species-environment relationships of bats in the New World. *Evolution 2010*. Portland, Oregon, USA. 2010.
- Stevens, R. D., **Tello, J. S.** and Gavilanez, M. M. Stronger tests of mid-domain effects on latitudinal biodiversity gradients of New World bats. *15th International Bat Research Conference*. Prague, Czech Republic. 2010.
- Stevens, R. D., **Tello, J. S.**, Gavilanez, M. M. and Ray D. A. Phylogenetic structure illuminates mechanistic role of environmental heterogeneity on community organization. *90th annual meeting of the American Society of Mammalogists*, Laramie, Wyoming, USA. 2010.
- **Tello, J. S.** and Stevens, R. D. Simulating random species-environment relationships at broad geographic extents. *94th annual meeting of the Ecological Society of America*. Albuquerque, New Mexico, USA. 2009.

RESEARCH EXPERIENCE:

- **Research Assistant.** Project: Climatically induced nonequilibria determine temporal metacommunity dynamics. Louisiana State University. August 2005 to June 2006.
- **Research Assistant.** Project: Bat flies like an EMu – bat flies of Ecuador component. Field Museum. July-August 2006 and June-July 2008.
- **Researcher.** Project: Evaluating and monitoring system of the biodiversity in the Reserva de Producción Fuanística Cuyabeno: bases for its implementation (UCODEP Project Cuyabeno Reserve, AIDCO/B7-6200/0380/01/TF) – Mammalogy component. Pontificia Universidad Católica del Ecuador. January to June 2004.
- **Field research assistant.** Sowell Expedition 2004. Project: Genetic diversity and phylogeography of the small mammal fauna of the western side of the Andes in Ecuador. Texas Tech University - Pontificia Universidad Católica del Ecuador. 2004.
- **Field research assistant.** Project: Identification of an ecological corridor between the Llanganates and Sangay National Parks. Fundación Natura. 2002.
- **Field research assistant.** Project: Morphometrical and taxonomical revision of the bat genus *Sturnira* in the Ecuadorian Andes. Boston University – Pontificia Universidad Católica del Ecuador. 2002.
- **Field research assistant.** Project: Ecological gradients and speciation. Boston University – Pontificia Universidad Católica del Ecuador. 2001.
- **Field research assistant.** Project: Control of the common vampire bat populations in eastern Ecuador. Pontificia Universidad Católica del Ecuador. 2000.
- **Volunteer.** Section of mammalogy of the Museo de Zoología of the Pontificia Universidad Católica del Ecuador. 1999 to 2005.

TEACHING EXPERIENCE:

- **Teaching Assistant.** Principles of ecology, laboratory. Department of Biological Sciences, Louisiana State University. Fall 2006 to Spring 2010.

GRANTS AND AWARDS:

- LSU Dissertation Fellowship. 18,000 USD. Louisiana State University. 2010.
- Graduate travel award. 600 USD. Louisiana State University. 2009.
- Travel awards. 900 USD. Biograds. 2008/2009/2010.

- Graduate enhancement award. 12,000 USD over 4 years. LSU. 2005-2009.
- Research grant. 1,300 USD in equipment. Morphometrical analysis of the bats of the genus *Anoura* along an altitudinal gradient in Ecuador. Idea Wild. 2004.

REVIEWER FOR:

- Ecology, Journal of Applied Ecology, Journal of Ecology, Journal of Mammalogy, Paleobiology, Journal of Vegetation Science

LANGUAGES:

- Spanish: native
- English

PROFESSIONAL MEMBERSHIPS:

- Ecological Society of America
- The Society for the Study of Evolution
- International Society of Biogeography
- American Society of Mammalogists
- Sociedad Ecuatoriana de Biología
