MISSOURI BOTANICAL GARDEN

# SPONSORSHIP OPPORTUNITIES

The Sophia M. Sachs Butterfly House and Missouri Botanical Garden invite you to participate as partners in the Butterfly House's signature gala, Wing Ding 2013.

Wing Ding 2013 will celebrate the 15th anniversary of the founding of the Butterfly House and what has been an extraordinary period of innovation.

The theme this year, Blue Wave, has two meanings. It is the name of the stunning butterfly that will populate the conservatory during the gala. It also hints at the great energy at work during this time of new programming and educational opportunities at this venue that instills wonder and curiosity in tens of thousands of children each year.

Proceeds from Wing Ding 2013 will support education programs, special exhibits and conservation initiatives at the Butterfly House.

Confirm your sponsorship by July 1 to ensure you receive complete recognition for your partnership.

## ABOUT THE SOPHIA M. SACHS BUTTERFLY HOUSE

The Butterfly House is home to 1,500 butterflies flying freely in an 8,000-square-foot conservatory. The butterflies delight guests as they flutter about and occasionally land on a shoulder, head, or hand. The Butterfly House opened in 1998 and became a member of the Garden's family of attractions in 2001. It welcomes more than 150,000 visitors each year and offers structured classes to more than 17,000 children.

## ABOUT THE MISSOURI BOTANICAL GARDEN

The Garden's membership base includes more than 44,000 households. The Garden's family of attractions, which includes the historic site on Shaw Boulevard in St. Louis, the Butterfly House, and Shaw Nature Reserve in Gray Summit, welcome nearly one million visitors annually.
