# Plants that clean the air: Background

All community work of WBG is about house plants. First record news in official web is in January 2007. And it lasted to this day and have special name “Flower Doctor is coming”.

**Social  
responsibility**

# Plants that clean air: **Origination**

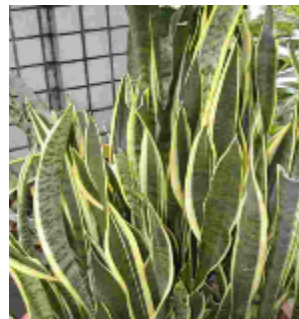

Inspired by the TED talk 'How to grow fresh air' where an Indian scientist explains how three common houseplants can result in cleaner indoor air.

<http://www.dwz.cn/Huei3>

Dust-haze

Mother-in-law's tongue

Money plant

Areca palm

# Plants that clean air: **Process**

lecture

Questions  
& answers

consult

Hand-out

# Plants that clean air: Audience

## People elderly

- Have time
- Have will
- Habit of respecting the old

# Plants that clean air: Media

## Media invitation

Newspaper, TV, Broadcast

# Plants that clean air: **Effectation**

- Talk with some people
- Observation

**Are the audience Satisfied with our work?  
We can get it through the way above.**

No  
scientific  
evaluation

**Pity!**

# Plants that clean air: Summary

- ◆ one topic the whole year
- ◆ hot spots of society
- ◆ full-time staff
- ◆ Fund
- ◆ Local government

# Other garden' s community in China

Many botanical garden in China  
Carried on community activities,  
just what we did in the past.

For Wuhan Botanical Garden,  
Small change, great progress

Nanjing Botanic Garden

Chengdu Botanic Garden

# Perspective

situation

China, More and more rich  
More attention to nature and plants

advantage

Plants  
Knowledge about plants  
People's trust

opportunity

We can build a more beautiful and  
healthy society.

Thanks for Your attention!
