

CELEBRATE BLACK HISTORY MONTH AT THE GARDEN

February Offerings and Events

Unique Voices: Progress Against All Odds

Exhibit located in Beaumont Room, first floor of the Ridgway Visitor Center

Story Time

Wednesdays and Fridays, 11 a.m. | Brookings Exploration Center

In the Garden with Dr. Carver by Susan Grigsby

Soil Science

Sundays, 1–3 p.m. | PlantLab

Successful gardeners and farmers know that your plants are only as successful as the soil in which they grow. Explore the science behind George Washington Carver's work with peanuts and cotton. Drop in and brush the dirt off your science skills and take a closer look at the nutrients beneath your feet.

More than Peanuts

Brookings Exploration Center

Color, design and imagine your way through the Garden using our free activity booklet! Children of all ages will learn about Carver and how his ability to share and apply scientific knowledge changed the way we farm today. *Available while supplies last.*

Tuesday, Feb. 25

10:30 a.m. | Shoenberg Theater

Polka Dots: The Cool Kids Musical

A colorful history lesson reminding us that our differences make us awesome, not outcasts. *Limited seating available on a first-come, first-served basis.*

11:45 a.m. and 12:30 p.m. | Bayer Hall

Free Cooking Demonstration inspired by George Washington Carver featuring sweet potatoes and peanuts.

Sassafras

Menu items featuring sweet potatoes and peanuts in honor of George Washington Carver.
