

MBG-REU Lunchtime Seminars - 2014

June 3, Tuesday, David Bogler, MBG, "Introduction to REU and MBG", Monsanto 1st Floor

June 5, Thursday, David Bogler, MBG, "Geography and Vegetation of Missouri", Monsanto 1st Floor

June 10, Tuesday, David Bogler, MBG, "Introduction to Plant Classification and Phylogenetic Systematics, with examples from the Agave Family", Monsanto 1st Floor

June 12, George Yatskievych, "An Overview of the Flora of Missouri Program", Monsanto 1st Floor

June 17, Tuesday, Retha Meier & Peter Bernhardt, St. Louis University, "The Rare and Endangered *Asclepias meadii*.", Monsanto 1st Floor

June 18, Wednesday, Elizabeth Kellogg, Danforth Plant Science Center, "Current projects in the Kellogg lab and introduction to the cereal grasses", Danforth Plant Science Center

June 19, Thursday, Allison Miller, St. Louis University, "Getting to the roots of adaptation: evolution, diversity, and conservation of North American grapevines", Monsanto 1st Floor

June 20, Friday, David Bogler, MBG, "Introduction to Scanning Electron Microscopy (SEM)", Monsanto 1st Floor

June 24, Tuesday, Matthew Albrecht, CCSD-MBG, "Conserving North America's plants in a rapidly changing world", Monsanto 1st Floor

June 26, Thursday, Peter Stevens, MBG and UMSL, "From the Angiosperm Phylogeny Website - When species numbers matter and when they don't: Seed plants and the evolution of the biosphere; rethinking our ideas of co-evolution?", Monsanto 1st Floor

July 1, Tuesday, David Bogler, MBG, "Preparation for Graduate School", Monsanto 2nd Floor Conference Room

July 3, Thursday, Peter Hoch, MBG, "What plants at Shaw Nature Reserve tell us about climate change", Monsanto 1st Floor

July 8, Tuesday, Rainer Bussmann, MBG WLBC, "From traditional healers to molecules - Two decades of ethnomedicinal research in northern Peru", Monsanto 2nd Floor Conference Room

July 10, Thursday, Monica Carlsen, MBG and UMSL, "The genus *Anthurium* (Araceae), its evolutionary history and diversification patterns in space and time", Monsanto 1st Floor, (+Danforth REU Visit)

July 15, Tuesday, David Bogler, MBG, "Ethical Conduct in Research", Monsanto 2nd Floor Conference Room

July 17, Thursday, John Willman, Washington University, "Plants and People in the Late Pleistocene", Monsanto 1st Floor

July 22 Tuesday, Jean Ponzi, MBG, "BiodiverseCity STL: ReThinking Urban Life", Monsanto 1st Floor

July 24 Thursday, Quinn Long, MBG-CCSD, "Invasive Species Ecology", Monsanto 2nd Floor Conference Room

July 25, Friday, 9am –5 pm, REU Final Symposium and Poster Session, Monsanto 1st Floor
