

Yalonda (Lonnie) Gatlin is an award winning photographer with more than 30 years of experience. She has professionally served as a writer, photojournalist and bio-medical photographer in the St. Louis, MO area. Her technical aptitude for computer technology later lead to a career in web-based software development in the healthcare field.

Today, Lonnie is best known for her landscape and astrophotography work, chasing the light throughout the U.S. She is a frequent speaker on astrophotography at local camera clubs, has taught workshops on Internet and photography topics, and was a featured speaker/workshop leader on Internet services at an international convention for orthodontists.
